It is proposed to plant sugar cane and erect factories. A yield of 2,000,000 tons annually is expected.

SENATOR "BAINE" BAILEY.

Another considerable man in town just now is Senator Joseph W. Bailey, of Texas. That a young man of 35 should be recognized as the leader of one of the two great political parties of the United States is no small achievement. That democrats, indeed, of mature years and far longer experience as legislators and men of affairs, should stand back and permit this young giant from the Southwest to act as their spokesman in the Senate of such a country as this is a tribute to something more substantial than mere personal popularity. It is in recognition of that subtle something which makes one man lead and another follow, whether it be on the prairies, in the desert, at Waterloo or Gettysburg.

Were Bailey from the East or Middle West he would play second to no man's lead in his party's council during the next four years, and it is but a question of time until such men as Bailey and such an expanding country as Texas and its adjoining territory will dictate nominations in National conventions with a more imperious air than that now maintained by the State of New York.—Harriges in Advocate.

A GOOD COUGH MEDICINE. (From the Gazette, Toowomba, Australia.) I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by Craig & Hocker, druggists.

There was a man in our town, whose name was Silas Gregg. He jumped into a sawmill. And lost a half a leg.

But when the Christmas time came on, With all his might and main, He jumped into a church bazaar And they pulled it out again.

LANCASTER.

300 new patterns in rings for Xmas; 50c to \$100 each. Thompson the jeweler.

Thirty dozen Silver knives and forks, new patterns and all warranted. At special low prices for 10 days. Thompson, the jeweler, Lancaster.

Tommy.—Mamma said you only come here on account of the lunch.

Rev. Dr. D. D. —Hereafter, my dear child, I shall come for dinner too.

MIDDLEBURG.

Rev. Joshua Taylor will preach at the M. E. church Christmas day.

Rev. J. H. Ferrell preached at the Baptist church Sunday and Sunday night and the Rev. P. A. Gilliam filled same dates at the Christian church. He will preach nightly at that church during Christmas week.

We congratulate the I. J. on our wedding "scoop." While not unexpected, yet our first intelligence that it had come off was gleaned from the columns of the I. J. The many friends here of Mr. and Mrs. Depp extend congratulations.

Duke and Steuben Godfrey, of C. U., are at home until after the holidays.

Jason Wesley was in Lexington Saturday and Sunday. Mr. and Mrs. Perry Wesley will leave for Louisville the latter part of the week, where they will live temporarily. The former will study dentistry.

On Christmas day of '99, we were riding the briny deep off the island of Ceylon in the Indian ocean. Last Xmas found us at Bacolor, Province of Pampanga, in the interior of Luzon, some 65 miles north of Manila. The menu was fairly good on both occasions, considering the fact that we were so far off the world—so to speak.

The subject of the Sunday school lesson was the "Passage of the Red Sea."

The writer was pointed out what is supposed to have been the exact spot by our regimental chaplain.

The Israelites crossed over about 12 miles below what is now the city of Suez City, Egypt. The old landmarks are still visible. In 1799 the great Napoleon crossed over this neck of the Red Sea, near the exact spot where Moses opened the way for the Israelites. A

big east wind was blowing when the great Frenchman started over, which suddenly changed before he and his army got across. They had to run for life and barely made the Asiatic side.

J. P. Goode has almost succeeded in running the produce buyers out of town, as he succeeds in buying all the eggs and butter in this section, paying the highest market price for same. Any one having a supply of the above can dispose of it by calling at Weatherford & Myers', that being his headquarters.

Moses Mattle and Ada Aleorn, of Chicago and Paris, respectively, are at home for the holidays. Hawkins Bishop and Perry Neal are at home from Lexington where they are attending school. M. S. Dalzell, of Lima, O., but recently from Cooper, Ky., is here in the interest of the oil business.

W. C. Greening will soon move into his new residence on East Main Street.

J. T. Crenshaw and Zack Smiley, of Lexington, were here looking for first-class horses. They can always find that kind here. Purchased three nice ones from Myers & Lyon for \$600. Mr. W. M. Myers has been quite sick, but is convalescing.

LETTER FROM REV. NOEL.

BROOKMAN.—Your Semi-Weekly visit is highly appreciated. We are having a good meeting—nine added, eight of whom are to be baptized. Meeting will continue this week. Just think of going down into the water at 40° below zero, yet I rode five miles Saturday to witness 21 baptized and the nearest house a quarter of a mile away. It was the result of a meeting at Freedom church, between this place and Mt. Vernon; 36 added. Rev. Smith preached. The devil is also at work near here. I have not learned particulars, but hear that at a dance Clef Smith's boys thought Christmas had come and in the melee two or three were hurt. Tobie Cox is not expected to live. Well, well! Strange the boys had rather go to such gatherings than our good meeting. Please ask Bro. Hagin, or some of his members (if he is not through marrying yet) to send me baptismal suit. It will try the old man to get down into the water without the suit. Everybody on the qui vive for Xmas. Entertainment at the Christian church Wednesday evening, Christmas tree at Methodist church Tuesday evening and preaching at the Baptist church every night during the week. Don't forget that baptismal suit. Yours in good trim,

R. R. NOEL.

CHURCH MATTERS.

The Elizabethtown Christian church has expended \$1,400 on repairs.

A meeting at Freedom church in Rockcastle, has resulted in 25 additions so far.

Elder B. J. Pluckerton preached at the Christian church at Junction City Sunday morning.

Eld. G. W. Mills, of the Christian church, Junction City, will move to Hustonville Jan. 1.

A fine congregational church at Springfield, O., was destroyed by an explosion of natural gas.

There were three additions to the Methodist church yesterday, making 40 since the beginning of the protracted meeting one month ago.—Advocate.

A representative of the Young Men's Christian Association of the State, was here from Louisville yesterday and arranged for an important meeting to be held at Stanford on the first Sunday in January.

The association will be present and will address a meeting of men only on Sunday afternoon and a mass meeting of the public on Sunday night.

Elijah II, Dowle, of Chicago, says that the scriptures contain much nonsense, and especially condemns the "Book of Job." "Job was a fool; 23 chapters of Job are the worst kind of rot. Only fools will pay attention to that book. Job knew he was wrong and toward the last begged the Lord's pardon for much of the stuff he had written. Only that part of the Bible is good which the Lord wrote or inspired."

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

The following clipped from Bryan's Commoner will take the place of an editorial on Christmas. It is far prettier and better than this feeble pen can imitate and is indeed a beautiful little poem on the Yuletide:

CHRISTMAS.

Ring out, ye joyful Christmas chime,
Glad song to ev'ry land and clime!

Nor cease your merry peals until
The message wood'ring shepherds heard

The hearts of all mankind basstirred—
"Peace on earth; to men good will!"

Ring out, ye joyful Christmas bell!
Let ev'ry rich note gladly tell

That war and blood-lust both shall cease

When men in truth accept the sway
Of Him born on this Christmas day—

The manger-cradled Prince of Peace

Ring out the demons Hate and Might!
Ring in the angels Love and Right!

Bid Freedom, prostrate on the ground,
Arise and face the golden morn
Whereon the Prince of Peace was born—

And shout for joy to hear your sound.

Ring out, ye merry Christmas chime,
And usher in the glad New Time

When, with the royal diadem,
All men have come with joyful sound,
And in true love as King have crowned
The Blessed Babe of Bethlehem.

R. E. HUGHES and C. C. Ousley, of Louisville, who did such excellent work as managers of the Press Bureau for the Triennial Conclave, are now engaged in preparing the history which Louisville Commander No. 1, has decided to issue in commemoration of its 62d anniversary, next Spring. The work will be a complete history of the commandery, which is the oldest in the State, and will be profusely illustrated with the finest half tones. It will be elegantly printed and bound, and in every respect will be a handsome specimen of the printer's art. Messrs. Hughes and Ousley are charged with the compilation of the text, which will be censored by a committee of the commandery. Mr. Hughes is a son of Prof. M. D. Hughes, of Lancaster, and a veritable chip off of the old block.

SECRETARY LONG has approved the findings of a majority of the Schley court of inquiry. The Dewey dissent giving Schley credit for the Santiago victory is stricken out. Because of his interview declaring Dewey's verdict the popular one, Lt. Gen. Miles has been severely reprimanded, and because of his interview saying he knew in advance what the findings of the court would be, Edgar S. Maclay, author of the book declaring Schley a scoundrel and a coward at Santiago, has been discharged from the navy department.

AN honest man is the noblest work of God and grand old Senator Daniels, of Virginia, seems to be such beyond peradventure of doubt. A Washington dispatch says of him: Senator Daniels lives in very modest style in Washington and has for 30 years spent nearly all of his money in paying off debts incurred by a relative in the panic 1873. The Senator was not at all bound by law to assume the financial burden, but did so of his own free will, and also pays the interest on the debts.

THE September term of the court of appeals closed Saturday after a record breaking session, during which 400 cases were decided and several hundred petitions were passed upon. Saturday was Judge Paynter's last day as chief justice. When the January term begins Judge Guffey will assume the chief justiceship. Just think of Guffey as Chief Justice of Kentucky's court of appeals. The woodchuck's remark here taking flight is certainly in order.

HON. LILLARD H. CARTER, of Lawrenceburg, a splendid democrat and an elegant gentleman, wants to succeed Hon. G. G. Gilbert in Congress. Mr. Carter's record as State Senator was a most creditable one and he made friends during the "reign of terror" at Frankfort that will stick to him through thick and thin.

READ your Bible. It will be time well spent whether you fare like this woman did or not. In looking through an old family Bible belonging to her late husband, Mrs. Bettie Beauchamp found 10 \$10 bills and a \$2 bill. It was a very agreeable surprise to Mrs. Beauchamp and comes in the nature of a handsome Christmas gift.

THE Mt. Vernon Signal's Christmas edition was a hummer. It contained eight pages of reading matter, pictures of prominent stockcastle people, and well set "ads," and would have been a credit to a town many times larger than Mt. Vernon. We congratulate Editor Albright on his splendid effort.

The condition of Senator Sewell shows improvement.

THANKS awfully! The Danville News informs an anxious public that the prosecution of Quinn was led by the county attorney, ably ASSISTED by Commonwealth's Attorney Owlesley. Judging from the infrequent glimpses we have had of Mr. Owlesley's prosecutions, it is quite unusual, if at all, that the cart is put before the horse. He surely has not been in the habit of ASSISTING other folks in his own special business, but is very often ASSISTED by them. Second fiddlers frequently play their parts very creditably, but Sam Owlesley does not play second fiddle even in the Boyle circuit court. Alice Samee, Bro. Lillard, we accept your small favor with gracious thanks. When the larger one is offered, the acknowledgement will be made in proportion.

ACCORDING to the Somerset Journal four licenses were issued in Pulaski last week to men to marry girls only 12 years old and 14 to wed them under 19. Let the next Legislature do something to prevent the union by marriage of mere infants.

W. J. JONES, circuit clerk of Warren, has accomplished the feat of eating 30 quails in 30 days. He offers to wager \$1,000 that he can eat 30 more in the next 30 days. Who wants the bet?

VERILY there is something in a name. An 18 year old boy named DeMon shot and killed three Negroes in a Welch, W. Va., saloon. And then the Demon escaped.

A proclamation was read throughout Clinton calling out another contingent of the Clinton National Guard.

Sam Riggs, law clerk to Chief Justice Paynter, has accepted the position as secretary to Congressman Kehoe. Gov. Murray Crane, of Massachusetts, has declined the treasury portfolio tendered him by President Roosevelt.

Simeon Cook, of Shelby county, will on Feb. 1, next, succeed Harry G. Tandy, of Paducah, as assistant secretary of State.

Perry Belmont was nominated for Congress in the 7th New York district after one of the stormiest conventions ever held.

The Kentucky Legislature will be asked to appropriate \$300,000 for the State's representation in the Louisiana Purchase Exposition, to be held in St. Louis in 1903.

"He laughs best who laughs last." A few years ago there was a general gulf over B. L. D. Guffey's candidacy for a seat on the bench of the court of appeals. For the next year he sat, as chief justice of that august tribunal, laugh or frown us all out of court.—Louisville Times.

Col. D. G. Colson, who will represent the Middlesboro district in the lower house of the new Legislature, will nominate former Gov. W. O. Bradford for U. S. Senator in the republican caucus. This means that Senator Deboe, who recently expressed himself as being very desirous to secure the honor of the republican nomination, may receive a "throw down" at the hands of his party.

The latest Cabinet slate includes Root for secretary of the navy, Taft for secretary of war, Wolcott for secretary of the interior, and later, Root for secretary of state, when Mr. Hay retires. Gov. Crane, of Massachusetts, is said to have declined the secretaryship of the treasury. He has sent a letter to the president announcing his decision. Root, Wilson and Knox are expected to remain permanently.

"I will announce now, that if I am deprived of the office of attorney general I shall be a candidate for the democratic nomination for governor," said Judge R. J. Breckinridge to the Courier Journal. "Furthermore I believe I will win the race if I enter it. Yes, I intend to appeal to Caesar and I believe I will be sustained by the higher court. The State convention is nearly two years off, but it is a certainty that I will be in the race for governor if the court of appeals finally rules against me in this case."

All of this speculation doesn't go for much with Charles Lewis, the Shelbyville editor, who is a keen manager and was one of Goebel's chief lieutenants. "It's all over but the shouting," said he. "McCreary will win in a walk. There's no use figuring on the thing at all. The very first break after the first ballot will nominate McCreary."

Other well-known leaders now in Louisville, who say that McCreary has his fight won are Sam Shackelford, clerk of the court of appeals, and Harry Summers, editor of the Elizabethown News.—Lou. dispatch to Enquirer.

R. C. Ford, of Middlesboro, acting for an Eastern syndicate, has purchased 2,000 acres of valuable coal land lying along Greasy creek, and T. L. Asher & Sons, of Wasloto, have purchased 3,000 acres of coal land in Bell county. It is said that more big deals are in process of negotiation.

Martin McLaughlin, at one time a power in democratic politics, in Lexington, killed himself by cutting his throat.

BUT for the watchfulness of Jaller DeBord we might have had a jail delivery here last week. In inspecting the cages he found one bar nearly sawed in two, but none of the prisoners would admit that they did the work. It's mighty hard to fool your "Uncle George," one of the best jailers the county has ever had.

THE "Among the Breakers Co." gave a very delightful performance to a small crowd at Walton's Opera House Friday night. The net proceeds amounted to \$18.40, which has been spent for substantial Christmas presents to some of Stanford's unfortunate who were not able to buy themselves. The act was a very commendable one on the part of the members of the company and we trust they will be rewarded here and hereafter.

Joshua Ritter bought from William Logan a fat hog weighing 610 pounds on foot and 504 pounds net. He made 150 pounds of lard from this "porker" and the hams weighed 37 pounds each.—Falmouth Pendletonian.

THOSE who know say that Mr. Burton, who has charge of the stage line between Burnside and Monticello, has in his business something better than an oil gusher. Since the oil fever first broke out in Wayne thousands of people have gone to the oil fields for curio's or otherwise and all ride with Mr. Burton, who charges \$3 the round-trip. A gentleman who came from Monticello the other day tells us that he was the 28th passenger and that on his frequent trips over the line he had never seen the number of passengers less than a dozen. Besides carrying human freight Mr. Burton gets pay from Uncle Sam for transferring mail and makes a snug sum for hauling freight between the two points. Stock in Mr. Burton's business is so far above par that nobody except Mr. B. has ever had a chance to get hold of it, although many have tried.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles.
